

SPG GM19

Grinding & Polishing Machine

High Performance

- ◆ 10HP 380V Durable motor
- ◆ 8X 5-3/4" polish disc with 2200RPM running speed
- ◆ Outside 4 discs clockwise rotate, inside 4 discs anticlockwise rotate
- ◆ 50-450m²/hr working efficiency(depend on surface material)
- ◆ 1/8" edge finishing
- ◆ 200Kg weight guarantee the grinding result.(with 40kg additional weight)
- ◆ Both for dry and wet grinding
- ◆ Low noise

Durable

- ◆ HITACHI heavy duty motor control system
- ◆ Import heavy duty belt with 1 year warranty
- ◆ Heavy duty transport wheel
- ◆ Aluminum casting basement with NSK bearings

Easy Operation

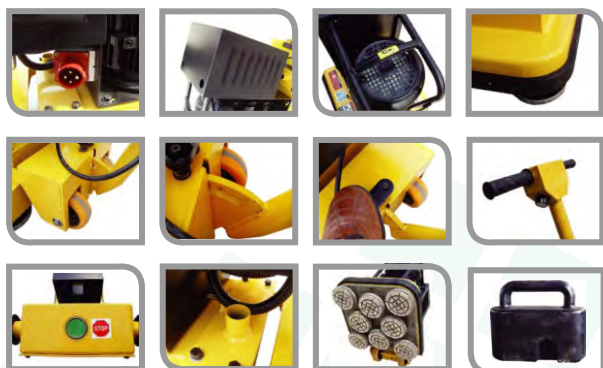

- ◆ Foot pedal easy handle adjustment
- ◆ Smooth operation of the machine
- ◆ 0-2200RPM adjustable pad speed
- ◆ Vacuum cleaner exhaust equipped
- ◆ Quick install polish pad
- ◆ Equipped with carry bar & hook lift

Safety

- ◆ Emergency stop switch equipped
- ◆ Full protect motor frame with hook lift function
- ◆ Rubber crash proof
- ◆ Protect box of control system
- ◆ Safety elec. wire plug

Option Accessories

- ◆ 40KG additional weight
- ◆ 40L water tank
- ◆ 1450RPM single speed machine GM19-A model
- ◆ Combination frame for 2 in 1 machine

Model	SPG-GM19-B (VANGUARD)	SPG-GM19-A QUANTUM
Working Size(mm)	460X460	460X460
Disc Size(inch)	5-3/4"	5-3/4"
Disc Speed Range(rpm)	0-2200	1450(Only 1 speed)
Motor Horsepower(hp)	10	10
Motor Voltage(v)	380	380
Frequency(hz)	50/60	50/60
Vacuum Req(cfm)	300+	300+
Max Cable Length(m)	107	107
Weight(kg)	160	160
